15B. CONTRACTOR/OFFEROR		15C. DATE SIGNED		16B. UNITED STATES OF AMERICA		16C. DATE SIGNED			
_____ (Signature of person authorized to sign)				BY _____ (Signature of Contracting Officer)					

The purpose of this amendment is to answer questions and extend proposal due date.

1. The proposal due date is extended to 31 January 2006 by 4:00 p.m. MST.

2. The following questions were asked:

Question 1: In the construction drawings, keyed note # 1 on sequence # 6 conflicts with keyed note #6 on sequence #59. Please clarify which is to be used.

Answer: The correct one (bubble note 1 on sheet 6) refers to the fact that the OPGW will have to be strung to the new PNM A-frame at the existing Kirtland Substation and then continue the fiber optic, via conduit (approximately 125' which can be laid in the existing trench) all the way to the existing substation control house and terminate the fiber optic, rather than stopping at the A-frame as bubble note 6 on sequence 59 directed.

Question 2: Is there a desired size on the pull boxes for the OPGW on the 115KV dead end?

Answer: Here is the standard OPT-gw pull box from Alcoa (the typical OPT-GW provider), it is round, 18" diameter by 5 1/4" deep. This or a similar panel would be required.

3. Offerors are advised that if the above impacts your cost proposal, a new cost proposal will need to be prepared and submitted to the contracting office along with acknowledgement of the above amendment NLT 4:00 p.m. MST on 31 January 2006. If the above is not going to impact your cost proposal your must acknowledge the above amendment using the SF1442 or by signing the amendment and return to the contracting office NLT 4:00 p.m. MST on the 31st of January 2006.

4. Offerors are advised that New Mexico Gross Receipts Tax must be included in your proposal. NNSA does not issue exemption certificates.
